
CHALLENGER ELEMENTARY PTA BUSINESS SPONSORSHIP

Businesses Supporting Education

Make a Difference

100% of your tax-deductible donation will go to support programs to enhance Challenger Elementary students' educational experience. In the past several years, the PTA has developed a science lab, begun an annual science fair and provided additional physical education equipment for our kids.

Be Seen

Sponsors logos are presented on our website and will be displayed on banners throughout the year in our car line. For new families, school is the one area in which there is guaranteed daily exposure.

Why Support Challenger?

We All Benefit

The entire community benefits from strong schools and excellent programs, even those with no children enrolled. The quality of our schools helps to sustain the demand for homes in our community and maintains property values. A community-wide commitment to Challenger ensures that our school, and our community, remains strong.

Business Values/Community Strength

Huntsville is not only a great place to live; it's a great place to locate your business. Businesses thrive here and it's not uncommon for business owners and employees to choose Huntsville for their home and strong schools make for a vital community for owners and employees alike!

On January 28, 2016, Challenger Elementary students and faculty created and dedicated a wall in honor of the Challenger Space Shuttle on the 30th anniversary of the Challenger tragedy. The project was made possible by support and donations from PTA, local community and businesses.

It's a simple cycle: support the school that sustains the community that supports your business
